Haylea,
Can you pull me any calls that we have received as a network on this??

I will need reported symptoms, etc.

Thank you!

Kelly Hogue, RN, MSN
NTPC Manager

Good morning Haylea! We have advised all SPIs to code with "PHEMERG1" for capturing cases. I have attached the ATSDR document SPIs are using for the event as well. I believe a few calls have come in this morning, but not a lot. Of course as more information becomes available that may change. Let me know what else I can answer for you.

Thank you,

Kelly Hogue, RN, MSN
NTPC Manager

Good Morning,

I just wanted to see if everyone was aware of the Chemical Plant explosion and fire that occurred in Jefferson County and see what information you have available?

Also please remind your SPIs to code using FreeArea1 "PHEMEVENT".

I am going to do a quick search of TPCN to see if any calls have come in.

Thank You,
